The Children’s Assessment Center’s mission is to provide a professional, compassionate and coordinated approach to the treatment of sexually abused children and their families and to serve as an advocate for all children in our community. As a collaboration of Harris County Commissioners Court and The Children’s Assessment Center Foundation, The CAC represents a true partnership between the public and private sectors for the most effective service delivery to children and families.

“Love cures people—both the ones who give it and the ones who receive it.”

Dr. Karl Menninger
Dear Friends and Supporters,

It is my privilege to share with you the 2015 Annual Report for The Children’s Assessment Center (CAC) and to highlight the life-changing services we continue to provide for this innocent and vulnerable population in our community. The epidemic of child sexual abuse is not a new issue; and similar to other crimes, the mental and emotional scars of child abuse can run deep and long. These crimes impact not only the child, but they have a rippling effect on family, friends and the community.

There are an estimated 40 million survivors of childhood sexual abuse in America today. Sadly, child sexual abuse is likely the most prevalent health problem children face with the most serious consequences. Townsend, C (2013).

The recent Adverse Childhood Experiences Study (ACE Study) linked adverse childhood experiences with medical, mental and social problems in adults affecting overall health outcomes for some individuals, resulting in upwards of a 20 year difference in life expectancy. At The Children’s Assessment Center, we continue to treat not just victims of sexual abuse, but children who have suffered trauma that is now scientifically proven to have detrimental effects on their health for the remainder of their lives.

Through our dedicated multidisciplinary team, we provide a holistic approach to the treatment and healing of child victims of crime. In 2015, our incredible team served nearly 4,000 children from our community, provided over 11,300 individual, group, and family therapy services as well as 964 medical services.

As a result of our continued growth, we began Phase II of our Restoring Hope, Rebuilding Lives Capital Campaign in August 2015 and currently need to raise just over $6 million to complete our expansion. Please consider supporting us today!

Together, let’s stop the hurt and heal our children.

Elaine Stolte, Executive Director, The Children’s Assessment Center
WHO WE ARE

The Children’s Assessment Center (The CAC) is Harris County’s only children’s advocacy center serving sexually abused children and their families. Established in 1991, The CAC is dedicated to providing a multidisciplinary team approach in the prevention, assessment, investigation and treatment of child sexual abuse. Using a multidisciplinary and coordinated approach in handling sexual abuse cases, The CAC houses professionals from 45 partner agencies, including law enforcement, medical clinic personnel, psychological/psychiatric services and governmental investigative entities, all with the common purpose of protecting children.
CAC Programs and Services

Using a multidisciplinary and coordinated approach in handling sexual abuse cases, The CAC houses professionals from 45 partner agencies, including law enforcement and medical clinic personnel, psychological/psychiatric services and governmental investigative entities, all with the common purpose of protecting children. Ultimately, the goal of The CAC is to promote the complete healing of child victims of sexual abuse and their families by providing them with the necessary resources to effectively deal with their trauma and lead normal and productive lives.

The CAC programs are designed to provide a seamless collaboration to minimize trauma, break the cycle of abuse and empower families to protect children. The CAC provides services designed to meet the physical and emotional needs of sexually abused children, their siblings and non-offending caregivers. The CAC offers services through the following divisions: Forensic Services, Family Advocates, Multi-disciplinary Enhancement Program, Medical Clinic, Therapy and Psychological Services, Children’s Services and Community Outreach and Training.

Our mission is accomplished through: 1) digitally recorded forensic interviews of children’s statements reducing the need for multiple interviews by the various entities involved in a child sexual abuse case; 2) sexual abuse and assault examinations using digital colposcopy, a non-invasive procedure conducted by trained pediatricians; 3) therapy and psychological services to help child sexual abuse victims and their families heal; 4) expert testimony in civil and criminal court cases; 5) advocacy for children and families; and 6) community outreach and training to heighten awareness and prevention of child sexual abuse.
The overall goal of the Forensic Services Division is to minimize trauma to children by reducing the number of times a child is interviewed during the investigation of child sexual abuse, to conduct the highest quality forensic interviews and evaluations using forensically sound methods and techniques, and to provide support to the non-offending caregiver during the investigative process. The Forensic Services Division strives to provide a seamless collaboration between the multidisciplinary team (MDT) and professionals from different entities to develop strategies for working together to meet their specific obligations while reducing the amount of trauma felt by the child victim. The benefits of the MDT approach are more credible evidence, stronger civil and criminal cases, and better assessment of children’s needs.

**Departmental Services: (March 1, 2014 – February 28, 2015)**

- **3,165** Forensic Interviews
- **892** Forensic Evaluation Services
- **2,291** Family Advocacy Services

**The Children’s Assessment Center introduces new Child and Family Traumatic Stress Intervention Program (CFTSI)**

In July 2014, The CAC secured funding to train three CAC staff members on the Child and Family Traumatic Stress Intervention Program at Yale Child Study Center to accommodate the growing number of children receiving initial investigative services at The CAC. Goals of CFTSI are to enhance communication about the impact of the potentially traumatic event, enhance parental support of the child and to form the basis of a comprehensive evaluation and treatment recommendations for children impacted by traumatic and catastrophic events.
Baylor College of Medicine and Texas Children’s Hospital make a significant difference in the lives of abused children in our community. Children receiving services at The Children’s Assessment Center Medical Clinic receive the highest quality of care by skilled physicians. These dedicated doctors provide the sexual assault exams and unimpeachable expert testimony that is needed in court. Pediatric physicians administer sexual abuse and sexual assault examinations, utilizing state-of-the-art, non-invasive equipment. This helps minimize the child’s discomfort and fear during the exam and provides recorded evidence that may be utilized during court hearings.

**Departmental Services: (March 1, 2014 – February 28, 2015)**

**964** Sexual Abuse Exams/Sexual Assault Exams provided

---

**CAC Executive Director, Elaine Stolte, receives the 2014 Angel Award**

The Angel Award is presented annually by Be An Angel. The Angel Award honors those individuals who give their time, talent or financial support to children in need. 2014 Angel Award Honorees also included Houston Texans Defensive End, JJ Watt and the Justin J. Watt Foundation; Leroy Shafer, Vice President and COO of the Houston Livestock Show & Rodeo and Special Agent in Charge, Stephen L. Morris, Houston Division- FBI.
The CAC’s Therapy and Psychological Services Division is instrumental in caring for the children’s emotional needs and clinical management of cases. The CAC offers a variety of services ranging from crisis intervention and psychological evaluations to group, family and individual therapy of child victims, siblings and non-offending caregivers. Upon referral, every child is evaluated so that therapists may design a unique treatment plan specific for each child. The CAC’s Therapy and Psychological Services Division has been applauded for their model mental health programs by the National Children’s Alliance.

The Children’s Assessment Center hosts and trains Military ‘HEROs’

Eighteen wounded and injured military veterans began training for a new mission in August at The Children’s Assessment Center. The training was part of a one-year intensive computer forensics internship program with U.S. Immigration and Customs Enforcement’s (ICE) Homeland Security Investigations (HSI). After being trained, veterans will assist HSI agents as forensic analysts helping to identify and rescue children from sexual abuse and exploitation.

Departmental Services: (March 1, 2014 – February 28, 2015)

7,501 Therapy & Psychological Services – Children

3,895 Therapy & Psychological Services – Adults
The primary goal of the Children’s Services Division is to support the services provided at The CAC by providing the children a safe, nurturing place to play and interact with peers before and after their services. The Children’s Services Division includes the components of the playroom, volunteer program, children’s closet, art activities, holiday gift and clothing drives as well as a back-to-school program. Children’s Services hosts the children’s annual holiday party, the back-to-school program and many summer fun activities. The CAC’s on-site playroom, which is staffed by three CAC staff members as well as specially trained volunteers, provides a safe haven for children while awaiting services or during a lengthy investigation of alleged abuse.

Departmental Services: (March 1, 2014 – February 28, 2015)

- **2,807** Children Served by Special Events
- **4,815** Hours Volunteers Served in Playroom
- **7,448** Child Visits to Playroom
- **9,402** Hours Children were Served in the Playroom

Approximately 80 caseworkers, law enforcement officers, prosecutors and CAC Staff attended The CAC’s first annual “Best Practices” MDT Training, presented in collaboration with CACTX. The first annual MDT Training was attended by 80 team members representing key partners from Children’s Protective Services, the District Attorney’s Office, Houston Police Department, Harris County Sherriff’s Office and The CAC. The primary goal of the MDT Training was to assist in facilitating an approach that results in a more collaborative and efficient case investigation. Unique challenges, key components and coordinated investigations were the focus of the 4-hour training at The CAC.
The goal of The CAC’s Community Outreach and Training Division is to increase public awareness and educate community members on child abuse topics. Our staff is frequently invited to make presentations to schools, civic organizations, religious organizations and other social service agencies to educate professionals and parents about issues related to child sexual abuse. We continue to provide extensive community outreach including educational programs, community and professional trainings and expert court testimony.

Departmental Services: (March 1, 2014 – February 28, 2015)
- 14,168  Community members, parents, students and professionals educated
- 293  Training events conducted
- 79  CAC tours provided

The Children’s Assessment Center successfully completes the Texas Region 4 Child Sexual Abuse Prevention Initiative
The Children’s Assessment Center partnered with Darkness to Light, a Charleston, SC non-profit organization, nationally recognized in the field of child sexual abuse prevention education for adults, during the Texas Region 4 Child Sexual Abuse Prevention Initiative using the Stewards of Children Prevention Curriculum. During the initiative the goal was to train 5% (4150) of school staff in the Region 4 service area. The CAC successfully trained 4,631 school teachers and personnel.
**COLLABORATING ORGANIZATIONS**
The Children’s Assessment Center has a formal relationship with the following 45 partner agencies, many of which are co-housed at The CAC. The CAC and its partners are involved in the investigation, legal aspects and delivery services to child sexual abuse victims and their families.
