

## INTERNSHIP ADMISSIONS, SUPPORT, and INITIAL PLACEMENT DATA

Date Program Tables are updated: September 1<sup>st</sup>

### Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:

The Harris County Children's Assessment Center (HCCAC) doctoral internship program currently offers two internship slots. It is our expectation that interns come prepared with the requisite counseling skills commensurate with a doctoral level candidate starting in a doctoral internship program. The HCCAC bases its selection process on a holistic view of the potential intern's application, including the AAPI, cover letter, CV, standardized reference forms, graduate transcripts, and two complete redacted psychological assessment reports. Applicants are required to have a minimum of 400 intervention hours and 50 assessment hours while individuals with practicum experience in psychological assessment of children or adolescents and who have defended their Dissertation/Clinical Research Project proposal are preferred. In addition, The HCCAC prefers applicants who have some experience or special interest in working with diverse populations and child abuse or other trauma populations.

Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:

Total Direct Contact Intervention Hours	No	<b><u>Yes</u></b>	Amount: 400
Total Direct Contact Assessment Hours	No	<b><u>Yes</u></b>	Amount: 50

Describe any other required minimum criteria used to screen applicants:

### Financial and Other Benefit Support for Upcoming Training Year<sup>1</sup>
