Hiding in Plain Sight: The Trafficked in the Health Care Setting

Dr. Reena Isaac, MD, Baylor College of Medicine, Medical Director of Harris County Children's Assessment Center's Medical Clinic

Many human trafficking victims access healthcare while being exploited in the United States. This represents a critical opportunity and responsibility for health professionals to intervene in victims' lives, setting them on a path toward health and healing.

US Advisory Council on Human Trafficking Priority Focuses 2021-2022
Rachel Thomas, M.Ed., Survivor-leader, Author, United States Advisory Council on Human Trafficking

The United States Advisory Council on Human Trafficking is a significant achievement for victims and survivors as well as the federal government. Since its inception in 2015, the Council and federal agencies have worked collaboratively toward common goals to combat human trafficking. President Donald Trump appointed Rachel Thomas, of California, in 2020 as a Member of the United States Advisory Council on Human Trafficking for a term of two years.
